KSU's All-Majors Job Fair

Career Advising at the College of Professional Education at KSU was invited to attend the 2022 KSU's All-Majors Job Fairs at Kennesaw Campus on March 22 & 23.

More than 1,200 students joined the job fair. Our Career Advising team was able to share information on professional certificate programs with the participants.

KSU Professional Education Job Board

We’ve launched a Facebook Job Board for KSU’s College of Professional Education current students and alumni to join.

We want this to be an interactive networking space where you can connect with employers and even share job listings with one another.

Join us TODAY to explore our current listing.

Career Advising Sessions

We offer complimentary pathway advising sessions to prospective, current and past students as an opportunity to discuss advancement opportunities within your current field or careers pathways that may align well with your interests, goals and skills, including what short and long-term plans might look like for working toward your personal and professional goals.

Schedule a career pathway advising appointment by email pathwayadvising@kennesaw.edu
